

# MISSION: ~~IMPOSSIBLE~~

Slip and slide?

Water balloons?

Sounds fun, right?

Super soakers?

During class??

Your mission: To persuade Ms. Bowen and Mr. Grigsby that these are standards-based activities.

Details: You must use the language of what we learned in class. Reference our 8<sup>th</sup> grade standards in whichever format you choose to create – letter, powerpoint, poster or other persuasive method (must be pre-approved).

Clues: What science topics apply to these activities? You should definitely use your book to back your point!
